Now Mohawk John knew he did wrong  
when he went and killed some men  
They sent for the marshal to bring him in  
they sent for Marshal Skin

He rolled into town,  
and pulled his cowboy hat down  
Cause everyone knows a skinhead,  
skinheads aren't allowed  
(skinheads aren't allowed)  
in Mohawk Town

The sun was high and his mouth was dry  
So he rolled up to the saloon  
He ordered himself some red eye  
he knew he'd meet John soon  
Checked out all the Mohawks  
sittin round the bar  
He knew he found the Mohawk town  
and John couldn't be too far

He rolled into town,  
and pulled his cowboy hat down  
Cause everyone knows a skinhead,  
skinheads aren't allowed  
(skinheads aren't allowed)  
in Mohawk Town

He walked out of the saloon  
and there stood Mohawk John  
He didn't have no time to speak  
both guns had just been drawn  
Now Mohawk John was quick  
but Skin shot straight and fast  
He put a slug right through his heart  
and laid him on his back

He rolled into town,  
and pulled his cowboy hat down  
Cause everyone knows a skinhead,  
skinheads aren't allowed

(skinheads aren't allowed)  
in Mohawk Town

He rolled into town,  
and pulled his cowboy hat down  
Cause everyone knows a skinhead,  
skinheads aren't allowed  
(skinheads aren't allowed)  
in Mohawk Town

Mohawk Town...  
Mohawk Town...

He rolled into town,  
and pulled his cowboy hat down  
Cause everyone knows a skinhead,  
skinheads aren't allowed  
(skinheads aren't allowed)  
in Mohawk Town
