I once had a girlfriend  
But then one day she dumped me  
And everywhere I'd go  
People would ask me  
Where she was  
I don't want to talk about her  
But someone always asks about her  
So I tell them all my girlfriend's dead

I say it's leukemia  
Or sometimes bulimia  
Or a great big truck ran her over  
And chopped off her head  
I don't want to talk about her  
But someone always asks about her  
So I tell them all she's dead

I guess there's a part of me  
That likes the sympathy  
Of the looks on their faces  
When I tell them how she passed away  
I don't want to talk about her  
But someone always asks about her  
So i tell them all she's dead

My girlfriend's dead  
My girlfriend's dead you see  
It's a total lie  
But it's easier on me  
Than having to admit  
That she likes someone else

My girlfriend's dead  
My girlfriend's dead you know  
Please change the subject  
Or I'm going to go  
Jump off a building  
And join her in hell  
I don't want to talk about her  
But someone always asks about her  
So I tell them all she's dead

I once had a girlfriend  
But then one day she dumped me  
And everywhere I'd go  
People would ask me  
Where she was  
I don't want to talk about her  
But someone always asks about her  
So I tell them all my girlfriend's dead  
I don't want to talk about her  
But someone always asks about her  
So I tell them all my girlfriend's dead
