Now the birds in the trees are deformed and diseased
and the leaves on the trees are wilting on the branch
there's no stars in the sky, cuz scars on my eyes won't
heal thanks to you-

And the sun is obscured since you told me those
words-that you can't be with me,

and you got to be free cuz your selfish and rude, with a
bad attitude-but you can't see.

And what about me?

Oh baby don't, don't, don't, don't do what you think you
should do-

Because it won't, won't, won't, won't be what I want it to
be to

Repeat after me "I'm sorry, I'm sorry, I'm sorry"

Repeat after me "It was all my fault again"

"And I will stay, stay, stay, stay right here with you-and
I will say, say, say, say whatever you tell me to."

This is me now "You are forgiven"

This is me now "Things are fine again, you see."

It wasn't that hard.

Remember, Remember, Remember, What about me?

Now the sun has arrived, and the birds that all died are
alive and revived

and chirping in the branches

Cuz you made up your mind, just barley in time

Let's not take any chances-

Cuz you're restless again, and you want it to end

but I can't let you leave, cuz you promised to me

and you'd do what I say, and you said that you'd stay

You said that you'd stay

And what about me?

Oh baby don't, don't, don't, don't do what you think you
should do-

Because it won't, won't, won't, won't be what I want it to
be to

Repeat after me "I'm sorry, I'm sorry, I'm sorry"

Repeat after me "I "state your name" love you"

it's the truth you see

Remember, Remember, Remember, What about me?

What about me?
