She caught me by surprise I must say
'coz I never have seen such a pretty face
With such a warm and beautiful smile
it wasn't hard for me to notice her style
I was fascinated surely
She took my heart and held it for me
I wouldn't let her get away
Not until she heard me say
(chorus)
excuse me miss
but what's your name
where are you from
And can I come
And possibly
Can I fuck you tonight
To a movie
To the park
I'll have you home before it's dark
So let me know
Can I take you out tonight
Don't care if I get rejected

at least then I won't regret

Regret the fact

I missed the chance for a mess at least

I walk away knowin'

I tried my best and I'm goin'

I'm goin' on with my day

'coz at least she heard me say

(chorus x2)

that's why I had to come over

and introduce myself to you

'coz your never gonna know when you find out

and hopefully I find it in you

(chorus x4)
