once i had a dream
purple colour
purpled in my eyes
the sun was different

it's inside not outside
it's inside not outside

behind the sun
where everyone
is counted
if you make it there
you make it everywhere

and we fly around
round the corner
from the moon
go for a walk
on earth
go for a walk

it's in your heart
it's in your heart
you'll find it

if you make it there
you'll make it everywhere
cause it's in your heart
