Our existence today  
Mean so much for tomorrow  
I'll always be there for you  
Share your joys on top of your sorrows  
But I will no longer live this life in the flesh  
To the lust of man but to the will of God  
All things have come to an end  
Now be mindful of prayer

I'm gone away  
To the place where there is no night or day  
I'm gone away  
To that place, to that place

When we're gone  
What we leave behind is of no consequence  
Just the love that we take  
Will be our only memories  
Like a child at play  
The tears will soon dry away  
Like a bright sunny day  
No need to have any more fears

You're gone away  
To the place where there is no night or day  
You're gone away  
To that place, to that place

Gone away

Lululululululu

Our existence today  
Mean so much for tomorrow  
I'll always be there for you  
To share your joys on top of your sorrows  
But I no longer live the life in the flesh  
To the lust of man but to the will of God  
Everything had come to an end  
Now I've been mindful of prayer

I'm gone away  
To the place where there is no night of day  
I'm gone away  
To that place  
Gone Away
