We keep on
Keep on
Keep on
Keep cool

Keep calm
Keep real
Hey never you let them get you down
You might never come around
Never you let them out your fire
You won't get your heart desire

Never you let them out your fire
Say keep cool
Keep calm
Keep real
Real warm
Keep pure
Keep strong and keep on together now

The sweat a man brow
Man eat you bread
[repeat]
Dread

Keep on
Keep on
Keep cool
Keep calm
Keep pure
Keep strong
Keep on
Hey don't you dare fear that windy narrow
Your today spells your tomorrow
Don't you fear that windy narrow
Your today spells your tomorrow
Don't you fear that windy narrow

Say keep cool
Keep Calm
Keep pure

Keep strong
Keep right
Not wrong
Yea
Keep
Together now
Never you let them get you down
For you might never come around
Never you let them out your fire
For you won't get your heart desire
Never you let them out your fire
Iya
Say keep on
Keep on
Keep on
Keep on
Keep on
Keep on
Keep on
Don't you dare let them get you down
For you might never come around
Never you let them out your fire
For you won't get your heart desire
Never you let them out your fire Rasta

Keep keep keep
Keep on
Say we got to keep
Keep on
Keep you sense of direction
Keep on
