Release date: 1. November 2000

Album: Have a zididada day

(Woman you take me to paradise)

You & I how perfect it will be  
I know why you need a man like me

(bridge)

We'll be dancing the whole day through  
I'll be singing my song for you  
When day turns into night  
We'll make love in the pale moonlight

(chorus)

Woman you take me to paradise  
when I look into your eyes  
and I wanna to be with you  
And make my dream come through  
(la la la la...)

You and I  
there's magic in the air  
I know why  
you need someone to care

(bridge)

(chorus)

(solo)
