Release date: 1. November 2000

Album: Have a zididada day

You say jump we say how high - without knowing the reason why

Ohh we could if we would - break free but why when it feels so good

Don't be sad don't be mad - The show we do is not so bad

(whistle whistle whistle) - You say jump we say how high
Without knowing the reason why - ohh we could if we could

Break free but why when it feels so good

Jump, business as usual "How high, Sir?" is acceptable

Now you know reason why - Won't break free making money

Let us be counting money's funny - Yeah you know the reason why

We would love to have your gold - We would love to have your soul
