Verse 1)

There must be something, sworn to tear me down (Oh Yeah)

My pain is building, tearing me inside out (Oh Yeah)
Will i finish last again, here i wait for this to end, i
forced the pain i struggle with

And i am open to you

(Chorus)

I could turn the other way, take control and make a
change
(Take me, take me away)
You can bend me i won't break, things won't always go
your way
(Take me, take me away)

(Verse 2)

I am, scarred to the bone, but i feel releived
And you can't take that away from me
What i'll never know, is how you can be so blind, to
what i've seen
I will be the first to try, be myself until i die, Take a
chance for myself
And i am open to you

(Chorus)

I could turn the other way, take control and make a
change
(Take me, take me away)
You can bend me i won't break, things won't always go
your way
(Take me, take me away)

(Bridge)

Now i can breathe, eliminate the weak, so we can go
our seperate ways

(Last Chorus)

(The scars will never fade, fade away. Somethings will never change)

I could turn the other way, take control and make a change

(Take me, take me away)

You can bend me i won't break, things won't always go your way

(Take me, take me away)
