The Flame lyrics

(Verse 1)

What is this nightmare that we call life
It's all over you, i can see right through you
I stand alone but i am here to fight
It's all for you, your tears are true

(Chorus)

Wait for me, to save you, it's burning, you control the
flame
Don't pull the trigger, release the pain
The candle may flicker, but you control the flame

(Verse 2)

Lets burn this picture with another life
We have tried so hard, You've got this far with me
You want to take your life away
I confess that you've seen better days
Take a chance and sink yourself in faith
The devils eyes will take your soul away

(Chorus)

Wait for me, to save you, it's burning, you control the
flame
Don't pull the trigger, release the pain
The candle may flicker, but you control the flame
