All love, ooh  
All love

There's something going on over there  
There's something going on over there  
But there's something going on right here  
And it's our life

I see some boogie, out of their shoes  
Some just grooving, grooving to the groove  
I am skanking, skanking loose  
But we're all doing the same thing

It's just all love  
Got to be all love  
It's just all love  
That's right, all love

Wake up your love in the morning  
Wake up that love in the night  
Shape up the love, shape up the love in the morning  
Shape up that love tonight

There's something going on over there  
Well, there's something going on over there  
But there's something happening right here  
And it's our life, I and, I and I life

Some smile all the time  
Some a pop, pop till you drop  
Do a steady rock, rock steady easy  
'Cause we're in the same thing

It's just all love  
Got to be all love, tonight  
It's all love  
People give it, all love, now, what what

Shake up this place let the earthquake  
Wake up this place let the earth vibrate  
Shake up the place let the earthquake  
Wake up this place let the earth vibrate

'Cause there's something going on

All love

Well, there's something wrong going on over there  
And there's something wrong, way, way, way, way, way  
back there  
But there's something right, right here  
It's our life, I and I life

All love

I'm giving it, all love  
I don't, I don't know that, all love  
I'm giving it, all love

I can't hold back, all love  
Tonight, it's just all love, alright  
All love  
Don't hold back, all love

There's something happening right here  
There's something happening right here  
There's something happening right here  
All love, all love, that's what going on
