Fallen is Babylon
All nation have drunk of her passion
Fallen is Babylon right now, right now

Come out of her, oh people
Unless you want to share her plagues
Listen to me now

Come out of her, Jah Jah people in your minds
Unless you wanna par take of her sins
Look what you doing man

Fallen is Babylon
All nation have drunk of her passion
Fallen is Babylon right now

Welcome Jah in your new name
We're singing, we glorify not in vain
I tell you what mysteries dead and reality claims
I mean built over many years gone in a day
Take it now

Fallen is Babylon
All nation have drunk of her passion
Babylon is falling down
Fallen is Babylon, right now

So much heart broken, so much sufferation
After this I saw another angel trod down from Zion
With great authority given to him

The earth was lit up with his glory
At the top of his voice he shouted
"Babylon has fallen
Babylon the great has fallen"

Whore of this whole world, so much sorrow
She gave to many, many, many like you and me
Oh so tempting just like a beautiful thing

But I just can't let myself be
Let myself be a next victim

No, no, no, no, no

Fallen is Babylon
All nation have drunk of her passion
Fallen is Babylon right now, right now

Babylon system is a system that exists for centuries,
centuries
Still run by the same mentality that runs it
Still here to do the same thing they've done
Conquer the poor and oppress the under privileged
We got to stop that

Babylon, oh Babylon
