"Gone Away"

Our existence today
Mean so much for tomorrow
I'll always be there for you
Share your joys on top of your sorrows

But I will no longer live this life in the flesh
To the lust of man but to the will of God
All things have come to an end
Now be mindful of prayer

I'm gone away to the place where there is no night or
day
I'm gone away, to that place, to that place
(The place where there is no night or day)
I'm gone away to the place where there is no night or
day

When we're gone
What we leave behind is of no consequence
Just the love that we take
Will be our only memories

Like a child at play
The tears will soon dry away
Like a bright sunny day
No need to have any more fears

You're gone away to the place where there is no night
or day
You're gone away, to that place, to that place
You're gone away to the place where there is no night
or day
Gone away, gone away, gone away, gone away

Our existence today
Mean so much for tomorrow
I'll always be there for you
To share your joys on top of your sorrows

But I no longer live this life in the flesh
To the lust of man but to the will of God
Hey, everything had come to an end

Now I've been mindful of prayer

I'm gone away to the place where there is no night or
day

I'm gone away, to that place, to that place

Ma ma ma, I'm gone away to the place where there
ain't no night or day

Ma ma ma, ma ma ma, I'm gone away, to that place, to
that place

Gone away, I'm gone away, I'm gone away, gone away
