I got the power to move ya
I got the power to move ya
I got the power to move ya
JAH got the power to move ya

Don't take it simple
Babylon, get trample
Them could a big and bad
Have you ever seen love mad

Is not a big AK
Is not a nuclear bomb
The system try to stop the power
No way they can

I got the power to move ya
I got the power to move ya
JAH got the power to move ya
JAH got the power to move ya

Now I say things happen just like that
When music play, who knows what step will drop
Can you feel, it's creeping up on you
It's gonna get you before you know what to do

Turn you inside out
Make you scream and shout
The vibe is building
Crazy reggae rhythm

I got the power to move ya
I got the power to move ya
JAH got the power to move ya
JAH got the power to move ya

So don't you try to sotp
What you feel inside
When we hit that spot
We tell ya, world collide

Some people try to stick
To what they know outside

Acting like a programmed chip
We tell them free their mind

I got the power to move ya
I got the power to move ya
JAH got the power to move ya
JAH got the power to move ya

I got the power to move ya
I got the power to move ya
JAH got the power to move ya
JAH got the power to move ya

I got the power to move ya
I got the power to move ya
JAH got the power to move ya
JAH got the power to move ya

The good, big and bad
Have you ever seen love mad?
The good, big and bad
Have you ever seen love mad?

I got the power to move ya
Move ya, come on move ya
We a go move ya

Move, move, move
Got the power
