Ok, now i'm on my way  
Give up everything i have  
To be with you someday  
Oh yeah, everything's alright  
Always looking upward as I got you in my  
Sight  
Hey mother look at me  
I've made my connection  
As i'm steppin into heaven  
Hey don't you pity me  
I'll put on perfection  
As i'm steppin into heaven  
Hey you, dig the way i feel  
Is there any room to doubt that all of this is  
Real  
I know truth is on my side  
There's no second guessing as i switch to  
Power glide

Hey mother look at me  
I've made my connection  
As i'm steppin into heaven  
Hey don't you pity me  
I'll put on perfection  
As i'm steppin into heaven  
Would you like to trade, all your rags for  
Gold, leave behind the pain  
All the days you've spent left out in the  
Cold will not be in vain  
Hey mother look at me  
I've made my connection  
As i'm steppin into heaven  
Hey don't you pity me  
I'll put on perfection  
As i'm steppin into heaven
