### "Mushroom Mattress"

The stench... it's mushroom mattress  
He sleeps alone... it's mushroom mattress

Come... receive communion  
With drops of gold...  
You are blessed

The stench... it's mushroom mattress  
He sleeps alone... it's mushroom mattress

Bladder empties on the mattress

Rubber sheets can't hold the tide  
Irrigation in the hallway...  
No flood can drown his pride  
Consume one thousand pints  
Capped off with shots of rye  
The lorde can't find the toilet...  
His mattress won't stay dry...
