Sometimes we all feel like something's missing
And our days start to drag us down
There's an answer and if we'll listen
It's telling us peace is found
When we reach out 'cause

Love comes back
When we take care of each other
Just like that, it can
Lift the weight that we're under
There's always enough,
No way to give too much 'cause
Love comes back to us

Hey, you know that we all have moments
When we start to feel alone
But when we lift the ones around us
Suddenly doubt is gone
And we find hope 'cause

Love comes back
When we take care of each other
Just like that, it can
Lift the weight that we're under
There's always enough,
No way to give too much 'cause
Love comes back

And when we look beyond ourselves we find out
That we can help somebody else feel how

Love comes back
When we take care of each other
Just like that, it can
Lift the weight that we're under
There's always enough,
No way to give too much 'cause
Love comes back to us
Love comes back to us
Love comes back to us
Love comes back
