Stephen Bacchus
"You"

When you're gone
I'll be better off alone
I tell myself
That I don't need anybody else

[Chorus]
You're unaware
The fool in me still cares
For that fool
In you

I've figured out
What the fuss is all about
The trail you leave
Was still enough to make me grieve

You're unaware
The fool in me still cares
For that fool
In you

[Music]

(Fool, fool)

You're unaware
The fool in me still cares
For that fool
In you

(Fool, fool)

For that fool
In you
