I'm drowning on quicksand...

I'm drowning on quicksand...

You came to me unexpectedly
Once believed you really loved me
But at the first moment I thought
"I just don't wanna get hurt again"

But as time went by, girl
I guess you caught my heart
While I began realizin'
That you wanted me just as a friend of yours

CHORUS:

Baby,... I don't know why
Why I can't find out what love is all about
Why I just can't have someone to call mine
I wonder if I'll be drowning on quicksand
'Til the end of time

Well, as you knew I loved you
You left me all alone
Drowning on quicksand (drowning on quicksand)
I can't get free without your hand

Repeat Chorus

A girl like you
Would cause me sorrow and pain
Want you to love me like I love you
Don't wanna be just a friend

Repeat Chorus (to fade)
