The dead black word that came out of my mouth  
([return](#))  
It hit the person and broke his feelings ([return](#))  
Why did I say ([return](#))  
Why did I say ([return](#))  
Why did say that broken word ([return](#))

The dead black word that came out of my mouth  
([return](#))  
It hit the person and broke his feelings ([return](#))  
Why did I say ([return](#))  
Why did I say ([return](#))  
Why did I say that broken word ([return](#))

Ever since bad fortune has came to me ([return](#))  
I sliped ([return](#))  
I tripped ([return](#))  
I divorced ([return](#))  
I choked ([return](#))  
I fell from the stairs ([return](#))

Why did I say ([return](#))  
Why did I say ([return](#))  
Why did I say that broken word ([return](#))

Ever since bad fortune has came to me ([return](#))  
Friends no more ([return](#))  
Money no more ([return](#))  
Wife no more ([return](#))  
House no more ([return](#))  
Hope no more ([return](#))

The dead black word that came out of my mouth  
([return](#))  
It hit the person and broke his feelings ([return](#))  
Why did I say ([return](#))  
Why did I say ([return](#))  
Why did say that broken word ([return](#))
