Wake up, gunshots in the city  
Hustlers on the corner, gonna get more busy  
Gunshots, young stunna got caught up  
Clock big numbers, too bad got startered  
Stunt now, you gonna pay later  
Big booty girl, that's a black mans savior  
Servin', hit the block and we curbin'  
Roll real slow through the cut like a surgeon  
Turf chick, smurfette, give you work quick  
Get caught sippin', get sick is it worth it?  
Hell nah, but the job fill timers  
Got a good girl in my eyes she the flyest  
Can't sleep, streets stay heated  
Ghetto connoisseur, i know you see it  
Posted, while my cousins gettin' toasted  
Got a big beat so fat you can smoke it.  
[Dont Lose Your Head lyrics on

Chorus:

Don't- d- don't lose ya  
Dont lose your head (x9)

Little homie whatchu gonna do wit your  
life  
you wanna hustle but you aint doin it right  
Thug to the end just dunno why  
even if your wrong you know im gonna ride  
in the streets  
with the killas and the creeps  
you dont wanna learn but i still wanna

teach

I told you, laced in beats  
cuz all you ever do is chase them freaks  
Lil town girl,  
never been around the world  
gave her that pill  
now your lickin on her pearl  
Ill be right out keep em all syched out  
in the back room f\*ckin with the lights out  
dont do it

Chorus:  
Don't- d- don't lose ya  
Dont lose your head (x9)

Ay, skyscrapers, high from the vapors  
See us drive by, ain't no way it's gonna shake us  
Earthquake us, sittin on the rictuhh  
Party at the crib bring a friend an her sister  
Cruise by, homie deuce amp live  
D-U-S-T in the back, lets ride  
Dipped in the caddy, stuntin' like my daddy  
Slouch real low, buds fall out the baggy  
Yolk in a circle, pullin' on purple  
Flow to the show, although no rehearsal  
Got stress? better let that rest  
D-Boys get annoyed leave a VOID on your chest  
Yes, all bad when you act too good  
roll with the punches i think you should  
get smart, we'd rather go dumb  
Big bass in your face make your brain go numb.

Chorus  
Don't- d- don't lose ya  
Dont lose your head (x9)
