I stare at the wall, tonight  
It's nearly dawn  
I should be safe and warm  
But there is no one to hold me now

So I look at the time  
Waiting for my eyes, just to turn off the light  
So I no longer see  
All these memories surrounding me

And it all feels like a deja-vu  
It's still repeating

Here I am, with my broken heart again  
I can only blame myself  
Here I am, with my broken heart again  
And I didn't even see it coming  
How could I be so damn blind again  
I didn't even see it coming  
How could I be so damn blind again

So I did it again  
I fell in love with a man,  
Who's more in love with himself  
I gave him all I am  
And he just took it for granted

And it all feels like a deja-vu  
It's still repeating

Here I am, with my broken heart again  
I can only blame myself  
Here I am, with my broken heart again  
And I didn't even see it coming  
How could I be so damn blind again

So damn blind  
So damn blind

Here I am, with my broken heart again  
I can only blame myself

Here I am, with my broken heart again  
And I didn't even see it coming  
How could I be so damn blind again
