"New Year's Day"

It doesn't matter what I think
All the boys believe you, right?
You never really tried to win
'Cause pretty girls don't put up fights

Trust in what you fall for, not on what you're told to
Maybe you can give it a try

"You're so credible", she said
"Why would I need your advice?"

Do you feel admired, should I be inspired?
Oh by people just like you?

You just wait until it's New Year's Day
Guess you wait for a real chance to shine
Then again, will it really change on New Year's Day
If you just keep on waitin' around

I don't want to make a scene, I just try not to lie
To a good old-friend of mine
The real truth is within you really know what to do
Starting here tonight

Trust in what you fall for, not on what you're told to
Oh why don't you give it a try

You just wait until it's New Year's Day
Guess you wait for a real chance to shine
Then again, what'll it really change on New Year's Day
If you just keep on waitin' around

Wait around, just wait around (you just wait)
You just wait until it's New Year's Day
You just wait until it's New Year's Day

You just wait until it's New Year's Day
Guess you wait for a real chance to shine
Then again, will it really change on New Year's Day
If you just keep on waitin' around
