So you thought I'd stay around, for a while
As if I'm too damn blind to see you waste my time
Why did you leave it all behind, you'd never realized
Didn't you see us fall apart, awake at night

Your fantasy has gone right to your head
Your dirty games, I won't be a part of that
Why did you leave it all behind, you'd never realized
Didn't you see us fall apart, lying awake at night (I'm so tired)

Who's that boy, getting away from me?
I've been there before, I don't need any more
Who's that boy, making apologies?
So not accepted, unexpected
No way!

Take a seat, shut up and by the way get rid of the tears
Cos I've tried the night, and now I've had it up to here
Who do you think you are? Some kind of mister right
So baby yeah from the start, it's time to get a life (say no more)

Who's that boy, getting away from me?
I've been there before, I don't need any more
Who's that boy, making apologies?
So not accepted, unexpected
No way!

So fall (ooh)
Break down

So fall break down, down on your knees
So fall break down, down on your knees
So fall break down, down on your knees
Just fall!

Who's that boy, getting away from me?
I've been there before, I don't need any more
Who's that boy, making apologies?
So not accepted, unexpected

No way!

I said just fall down, yeah
Oh, I don't need no more
Who's that boy? Who's that boy?
Say no more!
