So many avenues enchanting me
I think I'm at the brink of a new discovery
I'm driving around in circles
You drew me a map
But my heart plays hide and seek

And there are two ways I could go
One is wide
The other's straight and narrow

I Don't know, I don't know
Where I'm going
I don't know, I don't know
If I made a wrong turn
I don't mean to seem all crazy minded
It's just I need a little direction
To keep me on the road

I don't know which way is right
Out here I'm getting lost
My life is passing by
I'm on a dead street
And my heart's in danger
As I kiss my faith goodbye.

And there are two ways I could go
One is wide
The other's straight and narrow

I Don't know, I don't know
Where I'm going
I don't know, I don't know
If I made a wrong turn
I don't mean to seem all crazy minded
It's just I need a little direction
To keep me on the road

If I look to the sky
If I look to your light
Without Reservation
I'll find my way home

I Don't know, I don't know
Where I'm going
I don't know, I don't know
If I made a wrong turn
I don't mean to seem all crazy minded
It's just I need a little direction
To keep me on the road

I Don't know, I don't know
Where I'm going
I don't know, I don't know
If I made a wrong turn
I don't mean to seem all crazy minded
It's just I need a little direction
To keep me on the road
