Move your body

Move your body

Move your body

Close to me

Close to me

Close to me yeah

CHORUS

When I feel your body next to me

It feel's so good and it feel's so free

It feel's so nasty

It feel's so great

It feel's so soft and It feel's so good tonight

When I hold your body next to me

It feel's so good and it feel's so free

I wanna make love to you

I wanna sleep whit you

Round your body, oh

Move your body, no

I feel your body, oh

Now I feel your body, no

I wanna feel your body, yeah

CHORUS

When your wicked mind is close to me

It feel's so sexy and it feel's so flexy

I wanna kiss you too

And Iâ'm not a fool

CHORUS

Around your body now

We make it now, oh

I wanna feel your body now

Feel your body, oh

I wan't your body, yeah

CHORUS
