I know the way you move
I know the way you grove
I know the the way you move
I know the way you grove

Tonight is special night
I want to be a part of your
empty heard
I need to see your eyes
That I why I came to you
That why I need you too
I love the way you shine
Why can't you just be mine

Say that you love me
Say that you need me
I wound't breathe if you say so
Say that you love me
Say that you need me
I wound't breathe if - you know

I know the way you move
I know the way you grove
I know the way you move
I know the way you grove

I know the way you move
I know the way you grove
I know the way you move
I know the way you grove

Don't hide your love away
Don't wait another day
Just give me one more sign
I know you will be mine
Don't hide you love away
Show feelings evryday
Just give me one more sign
I know you will be mine

Say that you love me

Say that you need me
I wound't breathe if you say so
Say that you love me
Say that you need me
I wound't breathe if - you know
