You showed up on my doorstep  
Like a long lost friend  
I didn't wanna let you in  
I didn't wanna get involved

I knew what it would lead to  
Further up the road  
I wanted to tell you "no!"  
I wanted to tell you

Don't ask me to take another heartache on  
I've got enough broken memories  
And enough is enough for me  
Don't ask me to take another poor stray in  
I've got a menagerie  
And enough is enough for me

You had to show those big brown eyes  
And melt my heart  
My defenses fell apart  
Cast some sort of spell over me

You had to go and smile at me  
Winning my trust  
I knew that I never must  
I should've just told you:

Don't ask me to take another heartache on  
I've got enough broken memories  
And enough is enough for me  
Don't ask me to take another poor stray in  
I've got a menagerie  
And enough is enough

Everybody knows I'm tender-hearted  
Don't look at me that way  
Don't get me started

Don't ask me to take another heartache on  
I've got enough broken memories  
And enough is enough for me

Don't ask me to take another poor stray in  
I've got a menagerie  
And enough is enough for me
