The time has come once again
Let's get together, my friends
Now you for me, then me for you
Just like the children do

So we know this land is ours
Let's all beam out like flowers
Colorful in many ways

We have toiled so hard day and night
We should not give up this fight
Out of many, we make one
Unity and love is our plan

So we know this land is ours
Let's all beam out like flowers
Colorful in many ways

So we know this land is ours
Let's all beam out like flowers
Colorful in many ways

The time has come once again
Let's get together, my friends
Now you for me, then me for you
Just like the children do

Only you for me, then me for you
Just like the children do
I said you for me, then me for you
Just like the children do
