"Dirty Water"

She dreams in red-
The beads of sweat remind her
A guilty bed-
Contours the shape of anger
I never realized how much she means to me
(Chorus)
Dirty water, won't wash away
Dirty water, needs the rain
The tears you cry, I feel your pain
Dirty water, never again

Behind the door-
Is where she finds her treason
Until I swore-
I'd give her no more reason
Now that I've realized how much she means to me

(Chorus)

Never again
Oh yeah, no no no
Now I know, now I see
That you're everything to me

(Chorus)

C'mon, yeah
