Late night on a back road and my ride had broken
down
I see a light off in the distance a long long way from
town
Half a mile later I'm knockin' on the door
She answered in her cut offs and my jaw just hit the
floor
She said "you look so cold, why not come inside?"
I think I just struck gold

(Chorus)

No way out, a voice in my head said you should've
known better
No way out, it's too good to believe
No way out, when morning came I wish I never would've
met her
Now here comes daddy with a gun in hand
And I don't think he's gonna understand

I take off through the front yard hear 'em pump that ole
12 gauge
She says daddy don't you shoot him, but don't let him
get away
I run into the sheriff, hallelujah I've been saved, he
says:
"Where you think you're goin' son, we got plans for you
today"
She said "get on your knees" - think I'm in trouble now
"You're gonna marry me" - I've gotta get away
somehow
Can't go off in the night, 'cause poppa's gun just might

(Chorus)

No way out, a voice in my head said you should've
known better
No way out, I can never leave
No way out, help me Lord I wish I never would've met
her
And daddy's sitting with a gun in hand
He said "The preacher's comin' just as fast as he can"
No way out, a voice in my head said you should've
known better

No way out, oooh, I was no naÃƒfÃˆve
No way out, help me Lord I wish I never would've met
her
A lesson learned and it goes to show
Don't break down on an old back road
