This is for you
My angel's life has just fallen through
Trusted in me
But what else can I offer you but love my babe
Ain't love enough

Three long years
Waited for you but it crossed my dirty mind
There's baggage I know
But this plane takes off if there's no place to go
I know you know
I know

But I'm back on my feet again
Child we're back on our feet again
I guess it's time to feel the sun on our skin
I guess it's time to feel the sun on our skin
Wishing this would never end
Wishing this would never end
Wishing my life had no end
Oh child we're back on our feet again

There is no time for wasting moments
That we have longed to share
There was a day
When I almost prayed
That I could see you there by my side
By my side
Ain't love enough

Lord we're back on our feet again
Lord I'm back on my feet again
Guess it's time to feel the sun on our skin....shine on
Guess it's time to feel the sun on our skin....shine on
Saying things like "It never ends"
Yeah I believe that this will never end
Yeah I believe that this will never end
Yeah I believe that our love never ends
Yes I believe that our love never ends
Yes I believe that our love never ends
Yes I believe our love will never end

I just don't know
Child shine on
Let's get it on
Shine on
It will shine on
Cause love's enough
