When it comes  
I'll know, I know  
Just take my clothes and leave  
And I'll be gone

The straightest a crow flies  
I'll leave this town behind  
I'll say goodbye

So afraid that I  
Told her things that I  
Thought that I left behind

So see what living's done to me  
My eyes are huge black balls  
And I need company

I'll burn your books  
That made your tags  
The ones that made the pain  
That I was alive  
Is that a crime?

So afraid that I  
I tried to tell her that I  
Didn't like breathing and I  
I wanted to live and if I  
See the faces that I  
I long to kiss and if I  
Tread this path one more time..

When I go, I know, I know, I know  
When I go, I know, I know, I know  
When I go...you'll know  
Oh no, you will know  
When I go
