Will those feet in modern times
Walk on soules that are made in China
Feel the bright prosaic malls
And the corridors that go on and on and on

Are we blind, can't we see
We are one, incomplete
Are we blind, in the shade
Waiting for light waiting to be saved
Cause love is noise, love is pain
Love is these blues that I'm singing again
Love is noise, love is pain
Love is these blues I'm singing again, again, again...

Will those feet in modern times
Understand this worlds affliction
Recognise the righteous anger
Understand this worlds addiction

I was blind, couldn't see
What was here, in me
I was blind, insecure
Feel like the road is way too long yeah
Cause love is noise, love is pain
Love is these blues that I'm singing again
Love is noise, love is pain
Love is these blues that I'm singing again
Love is noise, love is pain
Love is these blues that I'm feeling again
Love is noise, love is pain
Love is these blues that I'm singing again, again,
again...

Cause love is noise, love is pain
Love is these blues that you're feeling again
Love is noise, love is pain
Love is these blues that I'm singing again
Cause love is noise, love is pain
Love is these blues that you're singing again
Love is noise, love is pain
Love is these blues that I'm singing again, again,

again...

Will those feet in modern times
Walk on soules made in China
Will those feet in modern times
See the bright prosaic malls
Will those feet in modern times
Recognize every good
Or will those feet in modern times
Pardon me for my sins
Cause love is noise...
