There's no need for introductions  
No dark corridors of fame  
You won't find your fortune  
You might find some pain  
I wanna lie, lie together  
Feels like our last embrace  
In a world full of confusion  
Yeah, human race

But I'd rather be here than be anywhere  
Is there anywhere better than here  
You know these feelings I've found, they are oh so rare  
Is there anywhere better than here

Sometimes life seems to tear us apart  
Don't wanna let you go  
Sometimes these feelings hidden  
I start to cry  
Cause I won't ever let you go

Mmm--mmm--mmm--mmm multiplying  
Always living under some cloud  
Always on the eve of destruction  
Making all them scream out loud  
And as I watch the bird soar  
My life in which I spawned  
Mm--mmm-mmm--while I'm still crying  
Oh another day has come

Cause I'd rather be than be anywhere  
Is there anywhere better than here  
You know these feelings I've found they are oh so rare  
Is there anywhere better than here

Sometimes life seems to tear us apart  
I don't wanna let you go  
Sometimes these feelings hidden  
I start to cry  
Cause I won't ever let you go

But I'd rather be here than be anywhere

Is there anywhere better than here  
You know these feelings I've found they are oh so rare  
Is there anywhere better than here.

But I'd rather be here than be anywhere  
Is there anywhere better than here  
You know these feelings I've found they are oh so rare  
Is there anywhere better than here.

Sometimes these feelings hits me  
Sometimes these feelings hits me  
These feelings are oh so rare...
