C  mo el cielo y las estrellas  
T   y yo somos un retrato perfecto  
All of this time  
Guess I must  ve been blind  
Not to see, you and me  
We  re picture perfect

Now baby we  ve been friends  
For such a long, long time  
We  ve been through laughs  
And we  ve been through cries  
But lately have you seen  
The way my tongue gets tied  
Can  t hardly speak when I look into your eyes  
It  s because of the way I  m feeling  
It  s something I never dreamed  
And or love has a different meaning  
It took so long to reveal  
But now I know it

CHORUS:  
All of this time  
Guess I must  ve been blind  
Not to see you and me  
We  re picture perfect  
I should be yours  
Baby you should be mine  
Meant to be  
Can  t you see  
We  re picture perfect  
I  m yours  
Be mine  
We  re picture perfect  
Forever, picture perfect

I showed some friends of mine  
My favorite photograph  
You know the one of  
You and me from way back  
And when I told them all  
That you were not my guy

They couldn't see it  
Couldn't understand why

VB:

Everyone thinks it's so romantic  
They say we're two of a kind  
And the more that I think about it  
The more that I realize  
What I've been missing

CHORUS

My heart keeps telling me  
Make up your mind  
Love's what you need  
You've been holding back for too long  
You know it makes good sense  
The best lovers  
Are the best of friends  
I guess we should've known all along

VB

CHORUS x 2
