COULD IT BE YOU FEATURING KY-MANI MARLEY

for such a long time there was nobody

i had only myself to please

i never needed anyone at all

then you came - it felt like a breeze

a breeze of sunshine and a breath of light

suddenly i knew i was wrong

my heart beats faster, what a nice surprise

i'll be holdin' on ...

... feels like i knew you before

feels like there's a treat in store

it happened just overnight

i cannot wait anymore

it feels so naturally right

CHORUS

could it be you, baby, that i was searchin' for

could it be you, baby, who makes me search no more

could it be you, baby, that i was lookin' for

could it be you, could it be true, could it be you

could this be love now, between you and me

do i care? i do possibly

and all that matters is you bein' there for me
feed my dream of eternity
i wanna know you like i know myself
make me feel like nobody else
you give me freedom, make me act so strong
i'll be holdin' on ...
... feels like i knew you before
feels like there's a treat in store
it happened just overnight
i cannot wait anymore
it feels so naturally right

CHORUS

am i dreamin or is this reality
havin you right next to me
what is the meaning of this feel i feel
could it mean that this love is real
i was lost on a lonely road
prayin for some peace, for some guide
youre like an angel on a ray of light
there you were in front of my eyes
... feels like i knew you before
feels like there's a treat in store
it happened just overnight
i cannot wait anymore
it feels so naturally right

CHORUS
