she comes in fire
she comes in the rain
she whenever iâ€™m feeling down
she comes again

she comes in fire
she comes in the rain
she comes whenever iâ€™m feeling down
she comes again

she comes in fire
she comes in the rain
she comes whenever iâ€™m feeling down
she comes again

mmm... sheâ€™s coming on the light side
mmm... sheâ€™s coming alone in silence
(x3)

she comes in fire
she comes in fire

she comes in fire
she comes in the rain
(x3)
she comes in fire

she comes in fire
she comes in the rain
(x3)
she comes in fire
