I wanna take history in the arse | Make her say she  
loves me then turn round and laugh | Light a fag and  
walk on out the door | 'Cause then you know she'll just  
love me more | Strap on Beefheart | Rubber soul | Jam  
for brains | You're gonna spill them all | I wanna shoot  
all over history's face | 'Cause her looks were never her  
saving grace | It's plain to see she's a plain little whore  
| Just look at all the phonies she went with before | And  
she'll soon forget me | I wanna hear history moan my  
name | Cover my tracks and take the blame | She'll take  
the blame | You didn't even know | It all passed you by |  
You're gonna spill them all | Through your glass eyes
