### CHORUS:

Here and now, we will stand  
With one voice, hand in hand.  
We will never back down,  
We will never give in.  
Here and now, we will sing  
With one voice, and we bring  
Our lives as an offering,  
We bring you everything.

Here I am, you've made all so clear.  
I understand, I am just a stranger here.  
I will leave it all behide, so all thats left is gone.  
And I'll run with all my mite, striaght into your arms.

### CHORUS

Bringing all the depth of the sweetest dreams,  
So much farther than I see, Oh you are eternal life.  
Where could I (x3) go  
Well, now your in the light, gonna be by my side,  
Lord, it's clearer when I needed day and night.  
So, I'll leave it all behide, till all thats left is gone.  
And I'll run with all my mite, Striaght into your arms.

### CHORUS

Lord I give my life  
No matter what it takes  
Cause you gave it all for me  
With all of our hearts we sing  
With all of our joy we bring  
Everything we will bring  
Our everything, everything

### CHORUS (x2)
