You have never changed your ways
You think that you can own me like a slave
And I want to walk away
But every time I try, you're in my face

You say, I could have it all
Trust you, you will never let me fall
And my heart feels bound to your control
But my spirit says no no no

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your property

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
Don't play with me, I'm not your property

Ring! Brrp! It's you once again
Begging me to listen to your plan
But you see, I've found the truth
'Cause I have been redeemed and so we're through

You say, I could have it all
Trust you, you will never let me fall
I don't have to give into your demands
The power's not in your hands

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your property

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
Don't play with me, I'm not your property

I don't have to do anything you want me to
I don't need you to make me feel like I want more

'Cause God has shown His love is your weakness
He is above and beyond all you can do

Stop right there, everywhere
And you think you've got me down
Think again, no no no no
It's plain to see, I'm not your property

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Think again, I'm not your friend
Don't play with me, I'm not your property

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
It's plain to see, I'm not your property

Stop right there, suddenly temptation's flying
Everywhere and you think you've got me down
Well, think again, I'm not your friend
Don't play with me, I'm not your property
