Like No Other

Words and Music by Vickie Natale and John Beasley

You know and I know, you inspire me to the limit
You make me feel so good when you call me
Just to say that you love me so
Sweet love letters on my way out the door
Roses when I get home all over the floor
This kinda love comes once in a lifetime
Baby I'm yours, baby your mine

This love is like no other
So glad we got eachother
Been up the mountain and down again
You're my lover you're my friend you make me
confident

You know and I know
We've got so much history
We've seen the dark day we've seen some better days
But our love did shine away through the night and the
darkness
Any crazy world could bring
I don't care what people might say
You know you'll always be my baby

This love is like no other
So glad we got eachother
Been up the mountain and down again
You're my lover you're my friend

You're my voice, when I can't speak
You're my strength when I am weak
You're my inspiration, you're all I need
To me you are everythang

This love is like no other
So glad we got eachother
Been up the mountain and down again
You're my lover you're my friend
