Everytime I smell the air,
I remember breathing in your hair,
Our eyes would meet occasionally ,
I dont need to beat unless I feel..

My skin buried inside your own,
No one to make us feel alone,
Don't tell me that your in love ,
And don't tell me that im the only one..

Cause when my eyes are closed I'm a man for you,
When I'm in the position I can't pull through,
Try to tell myself that you and I wont do,
But my blood is Red For You..

Lay you down upon the cloth,
I taste your lips but they're not,
Not as soft as they were before,
I dont feel the same way anymore..

They're the words I mumble anyway,
I have to keep my blood at bay,
Can't tell you that Im in love,
Can't tell you you're the only one..

Cause when my eyes are closed I'm a man for you,
When I'm in a position I cant pull through,
Try to tell myself that you and I wont do,
But my blood is Red For You

When my words get down,
Think of the times when you're around,
One day Ill hold you and you'll be mine,
And we'll be able to smile..

My skin buried inside you own,
No one to make us feel alone,
Just tell me that you're in love,
And I'll tell you you're the only one..

Cause when my eyes are closed I'm a man for you,

When I'm in a position I cant pull through,
Try to tell myself that you and I wont do,
But my blood is Red For You..

Cause when my eyes are closed I'm a man for you,
When I'm in a position I cant pull through,
Try to tell myself that you and I wont do,
But my blood is Red For You
