I can't stand it  
We've all got something to prove  
You ever feel like your wheels spin but you never  
move?  
I can't stand it  
I'm tearing out of this room  
I wanna scream but I'm tired and running on fumes

I need your love, I need it now  
I'm winded and waiting for a breakdown  
I need a breath, so breathe right now  
But you're just still waiting for me to calm down

Just don't ask cause you know I can't  
Let's get back to what we're good at  
Just don't ask don't ask cause I can't handle this  
I can't stand it

I don't mean to come of as caving too soon  
Long past the bars, ditching cars, rolling fast into  
feuds  
I can't stand it  
I'm pouring pints over truth  
Cause I can't keep calm and sweet but now neither can  
you

I need your love, I need it now  
I'm winded and waiting for a breakdown  
I need a breath, so breathe right now  
But you're just still waiting for me to calm down

Just don't ask cause you know I can't  
Let's get back to what we're good at  
Just don't ask don't ask cause I can't handle this  
I can't stand it

All we are is everything and if you want out I'm not  
listening

So say you'll stay  
So say you'll trust me

Just don't ask cause you know I can't  
Let's get back to what we're good at  
Just don't ask don't ask cause I can't handle this  
I can't stand it

Let's give back what's left to show for  
Just don't ask when is this over  
Just don't ask don't ask cause I can't handle this  
I can't stand it
