Ahhh! Lets Rock!
Go Tiger.
Well what you want to do is cool with me but i can't
sleep without you.
Stop playing. how could i want to close my eyes.
Where does the time get to. if we were ninjas then we'd
sneak up.
We'll start it up and f around. Heads Up!
We'll think of something but for now i'm down. Watch
Out!
We ran it over so what now. i'm finally where you've
been waiting.
i haven't been.
Remind me of how the melody should fit. it's nice but i
can sing without it. i'm on it.
I'm tired too let's lay down soon. it's all about the
spoon.
we squeeze between pillows and sheets.
we'll start it up and f around. Heads Up!
we'll think of something but for now i'm down. Watch
Out!
we ran it over so what now. i'm finally where you've
been waiting.
i haven't been.
Ow!
We'll start it up and f around. Heads Up!
We'll think of something but for now i'm down. Watch
Out!
We ran it over so what now. i'm finally where you've
been waiting.
i haven't been.
