It's 1969 in my head  
I just wanna have no place to go  
Livin' through the sound of the dead  
I'm gonna get stoned look around in my soul

I'm hearin' voices in the trees  
And seein' footsteps in the rain  
I just wanna die before I lose my dol  
I have been cryin' in my sleep  
Cause I don't know where I have been  
I just wanna live to see another day

HEY HEY HEY HEY (x8)

When I get my buick six  
I'll see my life drop in that whirlpool  
If I get to see you again  
You're the only one I know

Here we go  
There I stand  
I'm a seed  
Of a man  
Dare I go  
Dare I stare  
I'm a seed  
Of a man
