Look through me because I am transparent
Ought to know me but why even know yourself
I'm beginning to need all that I can't have
I'm beginning to speak like I'm fucking mad

Sleeping in the Autumn Shade
You are white and I am grey
Sleeping in the Autumn Shade, oh yeah

Look through me because I am transparent
Ought to know me but why even know yourself
I'm beginning to need all that I can't have
I'm beginning to speak like I'm fucking mad

Sleeping in the Autumn Shade
You are white and I am grey
Sleeping in the Autumn Shade, oh yeah

Oooooohhhhhhwooooooohhhhhh
