Feel the sunlight coming through  
But I'm not ready to wake up  
Lose this feeling  
Another night of dreams  
A place where we can meet  
Finally, I can be myself with you  
Tell you all the things I want to  
Sunlight have a heart  
Leave me in the dark  
A little longer

Last night we took a walk  
Down by the ocean  
Darkness, hiding us away  
But the sky began to change  
And I was helpless  
You were fading  
Nothing I could do but sigh  
Meet you in my dreams the next time  
Sunlight have a heart  
Leave me in the dark  
A little longer

Maybe when the winter comes  
Days and nights will blend into one  
Cold december snow  
Leave me alone  
A little longer
