You're workin' me over
I'm too numb to feel
A bruise so black and blue
There'll be no healin'
Street fightin' woman
Only one will be winning
It's now the countdown
The last round
Adrenalin tears
Don't take your lovin' downtown
Wait, your karmas gonna come around
I hit the ground of doubt
But I'm not out
The blows that I've been dealt
Dirty below the belt
I'm no easy TKO - loud cries the
Fighter, "I won't go down"
The champion wears the crown -
Victory rebounds
Who'll be standing when the bell
When it sounds

Full shredd 2 the body
Full shredd 2 my heart and soul and mind
Full shredd 2 the body
Full shredd, even make the angels cry
From love to dust
No trust can be found
Communion failure pelvic breakdown
Our fury breathes the fire of wills
Thrill of vengeance heatseeker kills
It shrills
Like a missile shot from long range
Hot as the bullets
When they exchange
Love shattered ruins remain
Wounded bull when it sees red -
I will not play dead
Skull and horns and crossbones real
We've come face to face -
I won't die in disgrace
Who's crotch is aching now?
Who kills the fatted cow?
Oxen wait to pull her plow - Pull it
